ACRYLIC SAFETY SCREENS

NEW NORMAL ESSENTIAL

The portable and durable Acrylic Safety Screens link together to build partitions or folding protection screens using 360° rotating castor wheels. Use them in restaurants or other settings to separate chairs, tables, offices, and section off areas for government compliance.

Unlike its opaque counterpart, transparent screens allow light through for complete visibility and keep the room feeling spacious and bright making it the perfect solution for your business.

Configure your partition area by connecting multiple panels utilizing multipanel connectors.*
